LONDON, June 22.—Every detail of the royal procession, including the place assigned to each dignitary from abroad, was announced in advance save one. SYRACUSE, N. Y., June 22.-A decree of final settlement was entered to-day in the contested will case of D. Edgar Crouse, who died five years ago, leaving an estate valued at \$9,000,000. Crouse was generally supposed to have been a bachelor, and his will, after making his household servants independent, provided for a distribution of his estate among his relatives.

A claim was presented, however, by Mrs. Herman Kosterlitz of New York, who said that she had been married to Crouse in that city, on behalf of her daughter. Dorothea Edgarita which was settled by the payment of \$1,250,00 by the executors to the New York Security and Trust Company of New York as guardian ad

Trust Company of New York as guardian ad litem of the infant Dorothea, and the settlement on Mrs. Kosterlitz of a comfortable sum.

The case then dragged along, distant relatives appearing frequently with claims. It was found necessary to send a commission to California, Oregon, and Washington in the endeavor to get track of a cousin, who was last heard of there twenty-five years ago. No trace of him was discovered, and, after due advertisement, he was declared legally dead. Still the executors of the estate could not be discharged of their trust.

Another cousin, Mrs. Kate Crouse Ledlie of Utica, was provided for by an annuity of \$1,000 a year. This she refused to take in a lump sum, except at a great advance over the amount of the original bequest. At last, however, it was arranged that \$32,000 should be invested in Government bonds, which would yield an annuity of \$1,200, and that this should be made a separate trust to be looked after by the executors of the estate.

EDWARD S. STOKES FERY ILL. He May Go from the Hot Springs of Virgini

"Edward S. Stokes is a very sick man," said one of Mr. Stokes's friends last night. Mr. Stokes, it was ascertained, has been failing for reveral months, and a few days ago he was induced to visit the Hot Springs of Virginia. Mr. Stokes, if possible, will leave the Virginia springs in a short time and depart for Carlsbad, Germany. He has been attacked by a complication of diseases.

Grover Cleveland, as Governor of the State on Dec. 1, 1884, restored Stokes to the full privileges of a citizen. Gov. Cleveland in his memorandum said that Stokes had served four years in prison, with a commutation for good behavior, on his conviction of manslaughter in the third degree for shooting Jim Fisk at the Grand Central Hotel. Stokes's term ended in 1877, seven years before Goy. Cleveland's ac-tion, whose memorandum in part said:

Tolepo, O., June 22,-The Republican State convention opened this afternoon at 4 o'clock, and, after listening to an arraignment of the Demperatic party by Congressman Grosvenor, the temporary Chairman of the Convention, it adourned until to-morrow, when the perfunctory work of renominating the present State officials

vill be gone through with. The chief incident of the Convention proceed-ings aside from Mr. Grosvenor's speech was the picturesque and fantastic supplica tion for divine grace and blessing upon the Convention by the Rev. John Wes-ley Hill of Fostoria, who had been especially importuned to bessech the divine favor upon the convention. When the reverend rentleman thanked the Almighty for "that typical American and father of the Republican party" the convention gave way to loud and pro onged cheers and hand clapping.

Before the preacher could proceed the Chairman was obliged to rap for order. When Mr. Hill again resumed his invocation he launched into the tariff question, and the convention

Cheers and hand clapping continued for several minutes as the preacher called upon the party to stand by protection in these words: May there be among our lawmakers such

wisdom and patriotism and loyalty to American interests as shall mend the breach in the wall of our prosperity, and by protecting our industries give employment to labor and thereby create a narket at home and abroad, upon the pivot of which turns national prosperity."

When he concluded the Republicans were on their feet and shouted themselves hoarse. The reacher had really sounded the keynote of the ccasion, if the uneasy look in the face of Chairan Grosvenor was any indication of the situa-

The events of the day clearly bore out the indications of yesterday that the friends of Senstor Hanna would have things their own way. At the district meetings in the afternoon the Hanna men carried at least seventeen out of the twenty-one districts, thus insuring the election of a campaign Chairman by the Hanna people. Chairman Kurtz even lost his own Congress

district. To-night the Kurtz headquarters were entirely deserted, and Mr. Kurtz, after his crushing defeat of the day, was nowhere to be ound. The Hanna quarters were crowded. During the day several conferences took between Gov. Bushnell and Senator Hanna relative to a compromise. While neither side seemed willing to give

in. Mr. Hanna appeared to be the most willing to make concessions. He was willing to willing to make concessions. He was willing to give up Major Dick for Chairman, provided Gov. Bushnell would sacrifice Mr. Kurtz, but the Governor did not seem disposed to do any-thing of the kind. Mr. Kurtz announced early in the day that he would run for Chairman if he

in the day that he would run for Chairman it he only got two votes.

With the failure to agree, both sides went to the district meetings and made an endeavor to elect a majority of the committeemen. The Hanna people carried everything.

After this result became apparent Mr. Hanna held another conference with Gov. Bushnell, and proposed that the election of a Chairman be p stoened a week or two until both sides could cool off.

He told the Governor plainly that he could not accept Kurtz for campaign manager, for the reason that he had come into possession of

He told the Governor plainly that he could not accept Kurtz for campaign manager, for the reason that he had come into possession of several letters which Mr. Kurtz had written in which the Senator was arraigned severely Whatever might happen, he was resolved that no personal enemy, such as Mr. Kurtz had proved himself to be, should be placed in a position of such power and responsibility.

Although Gov. Bushnell has not formally accepted this suggestion of the junior Senator, he will probably do so. In an interview to-night he declares that the interests of the Republican party are greater than any one man, and that he believes the present trouble will be amicably settled. This is taken to mean that he will not only accept a renomination, but in the end consent to the selection of Major Dick for Chalrman. The Governor denies that he ever even thought of declining to be a candidate for renomination.

Mr. Hanna also gave the Governor to understand, since the district result became known, that his former proposition to withdraw Major Dick would not hold good. After the result of the contest in Mr. Kurtz's own county became known a telegram was received from Senator Foraker, in which he deprecated the contest and urged the Governor to abandon the fight on Hanna.

This telegram, taken in connection with the action of George B. Cox, the Clacinnati boes.

a telegram was received from Senator Foraker, in which he deprecated the contest and urged the Governor to abandon the fight on Hanna.

This telegram, taken in connection with the action of George R. Cox, the Cincinnati boes, who has joined the Hanna crowd, seems to indicate that Kurtz has been abandoned by both Cox and Foraker and that the Foraker triumvirate in the State has gone to pieces.

The platform adopted will express sympathy for Cuba, declare for civil service modification, demand the creation of a board of national arbitration for labor differences, indorse Hanna for Senator, compliment Foraker, and be radically Republican in everything.

The more ardent supporters of Mr. Kurtz waited upon Gov. Bushnell to-night and urged him to decline the nomination for Governor, but he refused to listen to their advice, and told them while he had done everything in his power for Mr. Kurtz and regretted his defeat as much as any one could, he would abide by the action of the convention and the State Central Committee, which was equivalent to saying that from this time on he would act with Mr. Hanna and work for the success of the party rather than for individual members of it.

Bushnell's desertion of Kurtz climinates him as a character in Ohlo politics. Kurtz says that he was pulled into the fight by Foraker and Bushnell, and that now he will devote his time to his own private affairs, which have been suffering during the time that he has been actively engaged in politics. The Hanna people are in absolute control of the convention.

The result of the preliminary skirmish to-day has been most humiliating to both Kurtz and Bushnell, and Gen. Growenor, who is more disliked by Kurtz than any living man, was elected a member of the State Central Committee from the Athens district, the former home of Mr. Kurtz. The Committee on Permanent Organization to-night decided to continue the temporary organization.

WASHINGTON, June 22 .- Sentor Platt of New York and Representative Sulloway of New Hampshire were callers at the White House o-day, but their visits were not made together Away up in New Hampshire, in Mr. Sulloways district, lives a married sister of Gov. fourth-class Post Office of the town in which she resides. Her husband is a Democrat of the deepest dye. For this reason, along with others, Mr. Sulloway opposed her appointment, representing, it is said, the sentiment of the patrons of the office.

As a rule, whoever is named by a Congressman for a fourth-class office, is appointed inmediately without question. This was not the case in this instance. Senator Flatt of New York appeared on the field as an advocate of the sister of New York's Governor. He and Mr. Sulloway at once locked horns. Senator Platt, it is alleged, went so far as to make the appointment of the lady personal. The differences grew so full of importance that it was agreed by all parties to refer the matter to the President. The President now has the case under consideration. Usually he has nothing to do with fourth-class offices.

The Pusionists Will Probably Name F. E.

DES MOINES, Ia., June 22.-Every indication points to the nomination of Mr. Fred E. White of Keokuk county for Governor by the Fusionists to-morrow. His Congress district declared very largely for Postmaster Burgeas of Ot-tumwa, but he still has active friends in the district, and a larger following than any other man in the State at large. Some of the delegations in the State at large. Some of the delegations would have been instructed for him, but it was not sure he would accept. When he arrived this afternoon he was leath to accept, preferring that some other man should be nominated, but he finally consented and authorized a statement that he would accept if nominated.

The platform is practically complete. It indorses every word of the Chicago platform, and enlarges upon the silver plank. A large portion is, given to State issues. The Republican Legislature and State officers come in for a severe scoring for alleged extrayagance and corver scoring for alleged extrayagance and cor-

FOR FEDERAL OFFICE HERE

THIS IS THE LIST FOR NEW YORK, SOON TO BE ANNOUNCED.

Collector, Bidwell; Surveyor, Croft; Appraiser Wakeman; Naval Officer, Chittenden; Dis-trict Atterney, Burnett-John S, Wise a Defeated Candidate for the Last Piace. Republican National Committeeman Frederick S. Gibbs of New York State went to Washington last night to have the final talk concerning the great Federal appointments in New York city. The slate complete, it was declared, is as fol lows:

Collector of the Port, George R. Bidwell of New York.

Surveyor of the Port, Silas C. Croft of New York.

Appraiser of the Port, Wilbur F. Wakeman of New

United States District Attorney for the Souther district, Gen. Henry L. Burnett of New York. Naval Officer of the Port, Simeon B. Chittenden, Jr.

President McKinley, according to high authorties last night, is to send forthwith the name of the foregoing Republicans to the Senate, and some Republicans had it last night that the proposed nominations would come as a jubilee cele-bration for the Republican lesders and captains, numbering 8,000, who are to assemble on Friday night. All acquainted with the temper of Presi dent McKinley and his interest in the fight for a Mayor of Greater New York were willing to bet dollars to cookies that the foregoing slate would turn out to be correct. foregoing slate would turn out to be correct.

Mr. Bidwell has always been an organization man. Mr. Croft is now, it was said, as good an organization Republican as any. He has been the particular friend of Mayor-Strong.

Mr. Wakeman, up to a year ago, was almost always in opposition to the regular Republicans, although at one time he was a member of the New York Republican County Committee. He is Secretary of the American Protective Tariff League, of which Secretary Bliss was President for several years.

League, of which Secretary Bliss was President for several years,
Gem. Burnett's selection is a defeat for Gen. John S. Wise, who was a devout and loyal adherent of Milholiand. Mr. Chittenden was recommended by Leader Jacob Worth of Brooklyn. All hands seemed to be pleased last night with the slate now in President McKinley's hands. It was said that President McKinley's selections were made a week ago, when the President and Senator Platt. Secretary Bliss, and President Quigg of the New York Republican County Committee conferred together in the White House.

SURRENDERS TO TAMMANY.

Edward M. Shepard Ready to Voto for Free-Silver Man for Mayor. Mr. Edward M. Shepard, the leader of the National Democratic party in Brooklyn, at a meeting of the County Committee of the organization last night, made a statement outlining its attiude in the impending campaign for control of the Greater New York.

He clearly foreshadowed an alliance of his lender forces with Tammany Hall and the regdar Democracy of Kings county in the Mayoralty fight, and was loudly applauded when he declared that a candidate for that office ought to be honestly supported by the sound-money Democrats, although he might have voted for Bryan last fall.

This is a part of what Mr. Shepard said: "It is simply impossible for us in the great municipal campaign approaching to take any without having somewhat in what we have done in the past in national, State, and local affairs, failure of the Citizens' Union to do the thing it set out to do and the failure of its candidate to take the risk there evaporated the reason and the probability of a non-partisan cam and the probability of a non-partisan cam-paign. I can't imagine a more perfectly legitimate candidacy if the candidacy had been accepted. I was very hostile last year to the currency proposition advocated by a large part of the Democratic party and I would do precisely the same thing again under similar circumstances. But let there be a man thor-oughly equipped for the Mayoralty in his in-stincts, character, and ability, and that man be what we call a silver man; and I will weigh it not a penny worth against him."

Mr. Shepard then severely criticised President McKinley for his failure to push the proposed

what we call a silver man, and I will weigh it not a penny worth against him."

Mr. Shopard then severely criticised President McKinley for his failure to push the proposed reform of the currency to the front directly after his inauguration, and accused him and the Republican leaders of having betrayed the pledges made during the campaign.

"I am now," Mr. Shepard said, "in doubt as to whether it would have been better for the people of the United States if Mr. Bryan had been elected instead of Mr. McKinley. I would rather have had Mr. Bryan elected in 1896 than in 1900.

"Let us keep our forces together in this crisis and dissociate national from municipal issues. We can act together with the silver men solely for the benefit of New York.

Mr. Charles J. Patterson, Mr. Shepard's first lieutenant, spoke in a similar strain, and contended that all the national issues should be eliminated from the battle for the control of the Greater New York.

They should insist, he said, only that their candidate should stand for a clean municipal administration, and opposition to the spoils system, and should be a champion of a pure civil service system.

"If we don't get what we ask," he added, "the

service system.
"If we don't get what we ask," he added, "the people will know well that we will run a ticket of our own. But we must understand that we are not here in this campaign to save the naof our own. But we must understand that we are not here in this campaign to save the nation, but to save the city.

"We may disagree with one another in national politics and yet work carnestly together in this campaign. There is a division on the question of gold and silver, but there need be no difference between gold and silver men as to the government of New York. Whatever our differences may be on the currency question, let us stand together in this campaign."

Referring to the nomination of President Seth Low by the Citizens' Union, Mr. Patterson said: "This is a spring candidate sprung too soon."

Ex-Congressman W. D. Bynum, the Chairman of the National Democratic Sound-money Committee, who has just taken up his residence in Brooklyn, was present, and, in reponse to a general demand, made a short speech.

He said he was in hearty accord with Mr. Shepard and Mr. Patterson in their advocacy of an elimination of national politics from the coming campaign.

The Shepardites are credited with having organizations in 490 of the 516 election district, and there is supposed to be a delegate to the County Committee from each district. Last night, however, not more than 200 delegates were present. gates were present.

The regular leaders say that the Shepardites have now only a shadowy existence and that the National Civic Club, a little social organization on the Heights, is really all that is left of them.

WANT TO SHELVE VAN BRUNT. Tammany Talking Against Justice Andrews

You, but Docan't Monn It. As an excuse for not renominating Chief Justice Van Brunt of the Appellate Division of the Supreme Court Tammany is getting up a kick against the Supreme Court Justices on account of alleged favoritism shown in the giving out of references. Lawyers connected with the or anization say that they have been neglected by the bench. Their complaints have been fostered by the Tammany leaders, though very quietly. Yesterday a story about this alleged "favorit-sm" was printed and the storm broke. The

Tammany men declared that under no circumstances should Justice Van Brunt and Justice Andrews be renominated. They had said as Andrews be renominated. They had said as much secretly nearly a month ago to some of their "labor" allies, who confided the programme to The Sun at that time.

John C. Sheehan was asked yesterday about the open declarations. He said:
"I know very little about the matter. I have heard some talk about opposition to the renomination of the Justices, but I can only say that the nominations for Justices of the Supreme Court will be made by the County Convention, just as the nomination for Mayor of the greater city will be made by the City Convention."

the greater city will be made by the City Convention.

Well-informed Tammany men say that the kick is being fostered by the Tammany leaders by orders. The object of the leaders is to defeat Justice Van Brunt's renomination—not Justice Van Brunt's renomination—not Justice Andrews—who was W. C. Whitney's successor—as Corporation Counsel, and who, it is expected, will be renominated. Tammany wants to get rid of Justice Van Brunt, these men say, in order to make a place for Corporation Counsel Francis M. Stott, the expectation being that, if Mr. Scott is nominated, he will bring his organization, the Greace Democracy, to Tammany's support. There has been talk all along that ex-Postmaster Charles W. Dayton was to get a nomination for Justice, but it has never been serious except on the part of Mr. Dayton's friends. The organization has been trying to sell him a gold brick in the shape of promises.

DEAD MAN AT THE REINS. Stauffer's Horse Ran Away, and He Died from

LANCASTER, Pa., June 22.-Christian N. Stauffer, a leaf tobacco dealer of Salunga, this county, and his wife left their home this afternoon to drive to Lancaster. After driving a short distance a team passed in an opposite direction. Stauffer's horse became frightened and started to run away. Mrs. Stauffer saw that her husband had lost control of his horse and under took to help him check the speed of the runaway. She caught hold of the reins and was horrifled to find that her husband was dead, A physician pronounced heart disease the cause of death, being brought on by the excitement. Mr. Stauffer was about 48 years of age.

Mr. Kelly Geta a Letter with a Child Attached Anmed Arthur William. Michael Kelly, a liquor dealer, who lives on the second floor of 128 Seventh avenue, had his baby out for an airing in a baby carriage yesterday, and returned home at 7 o'clock. He took his baby upstairs, and when he returned to the

hallway to put the baby carriage away he was

startled to find another baby in it. The baby was a bright little boy of about five months old, dressed in a white frock and white cap. Pinned to the frock was this note:

To show it may concern:

When this little one is found whoever will be the mother of it I kindly sak to be very kind to it, and God will reward you. It has broken my heart to part with it, but it is impossible for meto provide for it, as I have three small children, the oldest of which is four years, and a balfather who doesn't care for his family. Wheever may take him be kind to him, and the Lord will reward us all. His name is Arthur William, born Jan. 20, 1897. Some one take him and have pity on him and his poor, helpless mother.

Having a baby of his own Mr. Walls turned. Having a baby of his own Mr. Kelly turned the child over to the West Twentieth street pe-lice, who sent it to Bellevue Hospital.

ALIENS AND THE SUFFRAGE. Convicts May Be Admitted to Citisenship, but Cannot Vote Until Pardened.

ALBANY, June 22.—Senator John F. Ahearn of New York city recently asked the Attorney-General's opinion upon the questions as to General's opinion upon the questions as to whether or not an alien who was convicted of a felony against the laws of the State could be admitted to citizenship and to the elective franchise. In his opinion Mr. Hancock says:

"It is my opinion that white an alien may in the discretionary power of the courts, Federal or State, be admitted to citizenship notwithstanding the fact that during his alienage be committed a felony or infamous crime within the jurisdiction of the Federal or State Government, he cannot lawfully vote in this State until the Governor removes the disability which is attached to him by the conviction.
